The STYLISH Haven

- NEW *Designed* **TIMBER** Veneers
- **INTIMATE** and contemporary
- **LUXURIOUS TEXTURED** surfaces
- **AMAZINGLY** versatile

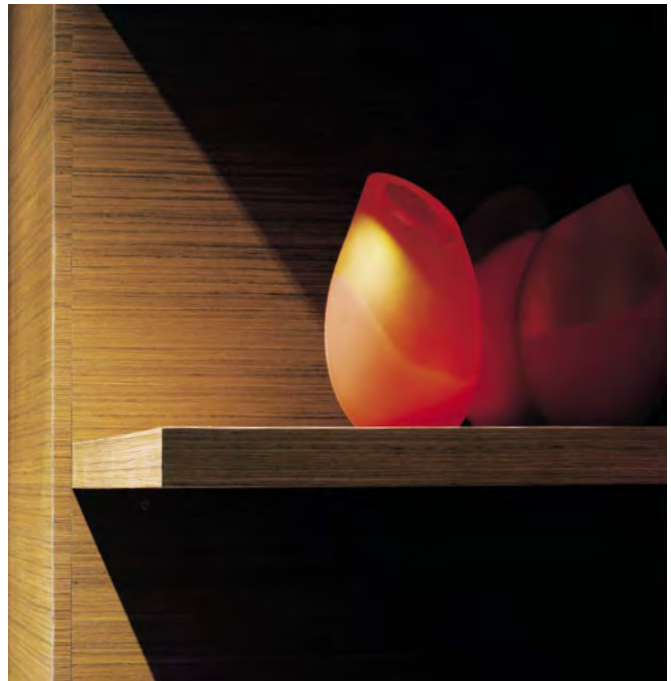

The **GRAIN, the COLOUR, the TEXTURE**, the rich, natural warm allure. Real timber has always had a timeless appeal with its ability to bring *the BEAUTY of NATURE* into the home. The new range of **LAMINEX® Finished Designed TIMBER Veneers** delivers all of that with several practical advantages.

The process used to create our 12 unique Finished Designed Timber Veneers eliminates the imperfections and irregularities that occur in natural timber, delivering *a CONSISTENT GRAIN and COLOUR*. This also means that we can ensure our veneers remain compatible with the myriad of other Laminex surface decors.

And because we only utilise plantation timber from sustained yield management programmes our veneers have less environmental impact.

Finished Designed Timber Veneers really are a finished product. Unlike traditional timber veneer panels, our panels come factory finished ensuring a high quality consistent finish that is backed by a 7 Year Limited Warranty.

The overwhelming advantage of our veneers is simply the way they look and feel. Exciting contemporary grains and *3 specifically DESIGNED SURFACE FINISHES* ranging from the textured and tactile to a deep gloss that enhances the natural beauty of wood. All of which provides scope to choose a surface that best suits your interior aspirations.

Chalked Oak Sandblasted

Sublime Walnut Sandblasted

Giallo Zebrano Sandblasted

Brandy Santos Gloss

Allure Oak Sandblasted

Tribal Macassar Gloss

There are few surfaces that are as **EMOTIONALLY SOOTHING as TIMBER**. Here's a living area that provides those cues whilst delivering an absolutely **CONTEMPORARY EDGE** both visually and functionally. *New* Laminex® Finished Designed Timber Veneers have been utilised extensively, the grain has been applied horizontally to create a greater **SENSE of SPACE**. The textured sandblasted finish of Urbane Teak provides a perfect contrast to the refined gloss finish of Tribal Macassar. This design theme featuring the warmth of these veneers can easily be incorporated into other areas of the home to create a look as individual as you.

The entertainment unit combines two **Laminex Finished Designed Timber Veneers**. **Tribal Macassar in Gloss Finish** is used for the sliding doors and **Urbane Teak in Sandblasted Finish** is utilised for the majority of the unit. The table is **Tribal Macassar in Gloss Finish** and the stools are **Urbane Teak in Sandblasted Finish**. Benchtops utilise **Laminex Freestyle® Surfaces in Arctic White**, the cupboards and wall shelves are **Urbane Teak in Sandblasted Finish**. The dramatic feature wall is **Laminex Vizage™ Vertical Surfaces in Black Ripple**. All kickers are **Laminex Mineral Finish in Copper Lustre** as is the range hood.

Laminex® Finished Designed Timber Veneers is marketed and distributed by The Laminex Group. The Laminex Group, A division of Laminex Group Pty Limited ABN 98 004 093 092. The colours of the photographs depicted in this brochure are as close to the Laminex Finished Designed Timber Veneers range as photographic lighting and modern printing processes allow. Laminex® Finished Designed Timber Veneers.

Veneer products, including Laminex Finished Designed Timber Veneers, being partially comprised of natural timbers will react to direct and indirect light. Therefore, a change of the surface colour and appearance over time is a natural characteristic, not a defect. Additionally, heat and humidity will interact with light to accelerate the ageing process. If exposed to direct and strong light timber veneer products may undergo sudden and irregular changes from the original colour. As little as an hour's exposure to sunlight may change the colour of timber veneer. For more information visit www.laminex.com.au
